Places to visit:

- Wildmoor Heath (Crowthorne) - nature reserve with insects, reptiles and all different plants.
- Shepperlands Farm (Wokingham) - a meadow, wood and heath teeming with wildlife.
- Poors Allotment (Camberley) - a haven for protected birds.

Year 2 Family Learning Ideas
'Protectors of the Earth'

Things to make and do:

- Are you able to feed the birds? Even in the winter, the birds need help to get their food, so could you make a bird feeder? An example can be found here:

https://playofthewild.com/2020/01/15/pinecone-birdfeeders-outdoor-learning-in-preschool/

- Can you make a poster about all the things we can do to keep our earth safe and healthy?

Outdoor Learning:

- Make a list of all different animals that you might find in the woods (fox, rabbit, squirrel, birds). Go on a walk in the woods local to you and see if you can spot all the animals!
- On a walk in your local park, take a picture of a plant, tree or animal, and see if you can recreate the picture by sketching it and shading it yourself!
- Nearer to Christmas, take a walk in your neighbourhood to see the Christmas lights - what do they symbolise?

Research Ideas and Books to Share:

- Any books based on looking after our environment or protecting the animals. Some examples are:
