Thank you for everything you have done. For putting the children in the centre of all the planning, for the reassurance, for responsiveness, for making the effort to know each and every child, letting J  ring the  to help him enjoy going in to school. You have gone above and beyond through a really difficult and crazy time. We are all so grateful to you and hope you get to have a good rest (and a few drinks!) over the summer. See you in September!!

The teachers have all been doing an amazing job! Lots of friends and family that I've been speaking to (outside of Cranford Park) aren't being given anywhere near as much structure and support as we are receiving, so thank you so much for everything you're all doing. And I also want to say thank you for making the transition of Harry returning to school last week so easy, we were very anxious as a family but he has settled back in so well and is coming out smiling every day 😊

Couldn't agree more. The level of support we have received has been amazing. Friends of ours haven't had anywhere near the level of work set or support and they have found the whole situation harder to deal with because of this. As a family with children in both KS1 and KS2, we have found the work set has helped us feel confident that our girls won't be too far behind when they return to school, and we feel confident that when they do return, it will be a seamless transition with minimal disruption and stress. Not only the work set, but also the feedback received for each piece of work is personal. It really makes such a difference when they receive praise for their efforts too. We are so grateful for all the teaching staffs efforts and in our case, specifically Miss Portch. I have also been so impressed with the support for parents too. What a wonderful school ❤️ THANK YOU ALL!!!

Thank you so much, the support whilst home schooling was amazing, and the work was really well structured (and explained well for parents!) And the transition for going back to school has been amazing. Especially the additional bits for Joey to help him cope with the changes. We are so happy with the school overall, and cannot thank you enough. Joey & Josh are both really enjoying being there every day:)

Thank you to all of you for creating the opportunities for us to support our children in their continued learning. I cant say it has come without its challenges but it has been great to see the 'lightbulb' moments we would have ordinarily missed... and I may have learnt a thing or two too! ;)

I hope the rest of the term goes ok for you all and you can enjoy some well deserved rest over the summer!

Thank you again xx

Couldn't agree more, the support with home learning and with just having the children home has been amazing. Can not thankyou all enough. As mentioned above the transition back in to school has also been amazing, Bella is really enjoying being back and feels safe and comfortable (as she always has done) and I do to. So glad my gilrs attend Cranford Park it is an amazing school!

Thank you so much for the support for all of us. There have been tricky days when we haven't achieved much but instead of feeling like we've failed we've received nothing but support and never any judgement and on the good days it's felt great to receive the positive feedback. The continued support for those at home now a lot of the kids are back is massively appreciated too. Thank you so much!

We are extremely appreciative of all the support we've been receiving from the school in order for us to continue with home schooling. Fortunately for us my eldest daughter is loving all the work set by her teacher aswell as any extra work I've set, my youngest who hasn't even started preschool yet says every morning "What has my teacher set for me to do today?" She is loving joining in some tasks too. A big Thank You to Miss Hutchinson.

Yes, a very big Thank you to Miss Hutchinson, Miss Portch and all other school staff for all their hard work to help us do home schooling. It's amazing it's been nearly 3 months.

Very grateful for the help and support over this time. ❤️🙏👍

We are all so grateful for all the work the teachers and you as a school have done to help us and motivate the children during this difficult learning time. Having spoken to friends with children at other schools only makes me even more grateful for Cranford Park and the dedication of all the staff. Added to the work that has been done in the last few months over tapestry, the provisions that have been put in place for the children to come back to School happily are amazing! Thank you all so much!

Thank you to all the staff at Cranford, you've been amazing through these crazy times. Especially to Miss Hutchinson for all her continued support and positive feedback every day on the work that our children have done. Even on the days where we haven't achieved much there is always a lovely comment which has kept me going. Lara loves being back at school and I can't wait for Max to start in September 😊 Thanks 🙏 x

**Avril Slater** (Layton S's parent)

Thank you so much. It's difficult to stay on task sometimes. Wouldn't it be fabulous if the children not in school could see their teachers in a zoom, maybe in small groups so they could say hello to their friends and teachers and get some morale pick me ups. Or even knowing who their teachers would be next year for a little bit of excitement!. Thank you again for continuing to work hard and producing work for us parents to pull our hair out over but feel immensely proud when we get to the end of it.

---

**Miss Edwards**

Thanks Ms Slater, we should be able to share who the teachers for next year are soon, and can hopefully set up some getting to know you activities with them - even if it has to be remotely x

---

**Olivia Andrews Muirhead** (Olivia A's parent)

Thank you to everyone. I appreciate you have a lot to do but would it be possible before the children break up, to have a Zoom lesson so they can have some interaction with their teacher and other children in their class? as they won't be back till September.

**Kaylee Godfrey** (Lily G's parent)

Thank you to the teachers and back office staff during this time. A big thank you to Mrs Fox for always responding so quickly to messages as well.

I echo others with a request for a Zoom with their teacher. To be able to get feedback on their work verbally would really help pick up enthusiasm levels and help to reconnect with their class.

---
