

Hello Miss Edwards.

I just wanted to reiterate my comments on tapestry here on Dojo.

Mrs XXXX has been brilliant and the work she has set and support she has given is just amazing. I have a friend who works in a local primary school, whose children attend the same school. They haven't had work set and she is still working through. She feels like she has prioritised the education of other children before her own because hers aren't having work set to do at home (they can safely stay home so haven't been attending).

I have been so grateful for the daily work, messages of support and videos to go alongside the learning. I have learnt so much since this began and feel much more confident in supporting my girls in their learning now. Mrs xxx has been giving fantastic feedback for the work submitted and every single piece receives a comment. The team points have boosted M's confidence along the way too and when she hasn't done something quite right she is guided to what might be wrong. I truly believe our girls could not attend a better school and both D and I are so grateful for the way you have handled the whole situation.

We feel confident that their return to school will be seamless and will be stress free.

Thank you again to you all. We really are so lucky to have such a wonderful school.

Hi Miss Edwards. I hope that you are doing well under the circumstances. I would like to tell you, you are all doing an amazing job. The work Mrs xxxx is doing is fantastic in level and amount.

Hello Miss Edwards,

Thank you for your email. She would love to come in on Tuesday, she has been so excited to come in and I feel so relieved about that. Thank you again for your support, we really appreciate it and we can see a difference in M since she has been in school. She really needed it.

You are all wonderful and do such an amazing job.

The teachers have all been doing an amazing job! Lots of friends and family that I've been speaking to (outside of Cranford Park) aren't being given anywhere near as much structure and support as we are receiving, so thank you so much for everything you're all doing. And I also want to say thank you for making the transition of H [REDACTED] returning to school last week so easy, we were very anxious as a family but he has settled back in so well and is coming out smiling every day 😊

Couldn't agree more. The level of support we have received has been amazing. Friends of ours haven't had anywhere near the level of work set or support and they have found the whole situation harder to deal with because of this. As a family with children in both KS1 and KS2, we have found the work set has helped us feel confident that our girls won't be too far behind when they return to school, and we feel confident that when they do return, it will be a seamless transition with minimal disruption and stress. Not only the work set, but also the feedback received for each piece of work is personal. It really makes such a difference when they receive praise for their efforts too. We are so grateful for all the teaching staff's efforts and in our case, specifically Miss Portch. I have also been so impressed with the support for parents too. What a wonderful school ❤️ THANK YOU ALL!!!

Thank you so much, the support whilst home schooling was amazing, and the work was really well structured (and explained well for parents!) And the transition for going back to school has been amazing. Especially the additional bits for J [REDACTED] to help him cope with the changes. We are so happy with the school overall, and cannot thank you enough. J [REDACTED] & J [REDACTED] are both really enjoying being there every day:)

Thank you to all of you for creating the opportunities for us to support our children in their continued learning. I can't say it has come without its challenges but it has been great to see the 'lightbulb' moments we would have ordinarily missed... and I may have learnt a thing or two too! ;)

I hope the rest of the term goes ok for you all and you can enjoy some well deserved rest over the summer!

Thank you again xx

Couldn't agree more, the support with home learning and with just having the children home has been amazing. Can not thank you all enough. As mentioned above the transition back to school has also been amazing. B [REDACTED] is really enjoying being back and feels safe and comfortable (as she always has done) and I do too. So glad my girls attend Cranford Park it is an amazing school!

Thank you so much for the support for all of us. There have been tricky days when we haven't achieved much but instead of feeling like we've failed we've received nothing but support and never any judgement and on the good days it's felt great to receive the positive feedback. The continued support for those at home now a lot of the kids are back is massively appreciated too. Thank you so much!

We are extremely appreciative of all the support we've been receiving from the school in order for us to continue with home schooling. Fortunately for us my eldest daughter is loving all the work set by her teacher as well as any extra work I've set, my youngest who hasn't even started preschool yet says every morning "What has my teacher set for me to do today?" She is loving joining in some tasks too. A big Thank You to Miss H [REDACTED]

Yes, a very big Thank you to Miss H [REDACTED] Miss P [REDACTED] and all other school staff for all their hard work to help us do home schooling. It's amazing it's been nearly 3 months.

Very grateful for the help and support over this time. ❤️🙏👍

We are all so grateful for all the work the teachers and you as a school have done to help us and motivate the children during this difficult learning time. Having spoken to friends with children at other schools only makes me even more grateful for Cranford Park and the dedication of all the staff. Added to the work that has been done in the last few months over tapestry, the provisions that have been put in place for the children to come back to School happily are amazing! Thank you all so much!

Thank you to all the staff at Cranford, you've been amazing through these crazy times. Especially to Miss H [REDACTED] for all her continued support and positive feedback every day on the work that our children have done. Even on the days where we haven't achieved much there is always a lovely comment which has kept me going. L [REDACTED] loves being back at school and I can't wait for M [REDACTED] to start in September 😊 Thanks 🙏 x

Thank you to all the teachers for the continued support and hard work really grateful and appreciate it!!!!

A [REDACTED] parent)

Thank you so much. It's difficult to stay on task sometimes. Wouldn't it be fabulous if the children not in school could see their teachers in a zoom, maybe in small groups so they could say hello to their friends and teachers and get some morale pick me ups. Or even knowing who their teachers would be next year for a little bit of excitement!. Thank you again for continuing to work hard and producing work for us parents to pull our hair out over but feel immensely proud when we get to the end of it.

Miss Edwards

Thanks Ms S [REDACTED] we should be able to share who the teachers for next year are soon, and can hopefully set up some getting to know you activities with them - even if it has to be remotely
x

O [REDACTED] parent)

Thank you to everyone. I appreciate you have a lot to do but would it be possible before the children break up, to have a Zoom lesson so they can have some interaction with their teacher and other children in their class? as they won't be back till September.

Ka [REDACTED] parent)

Thank you to the teachers and back office staff during this time. A big thank you to Mrs F [REDACTED] for always responding so quickly to messages as well.

I echo others with a request for a Zoom with their teacher. To be able to get feedback on their work verbally would really help pick up enthusiasm levels and help to reconnect with their class.
